

Infosafe No™ VAR54      Issue Date : January 2021      ISSUED by HUNTERST  
Product Name **CITRUS SCRUBB UP**

## 1. Identification

**GHS Product Identifier**      CITRUS SCRUBB UP  
**Company Name**      Hunters Products (TAS) Pty. Ltd. (ABN 004 601 263)  
**Address**      60 Gleadow Street INVERMAY  
TAS 7248 AUSTRALIA  
**Telephone/Fax Number**      Tel: 03 6331 4755  
Fax: 03 6334 1065  
**Emergency phone number**      0407 610 542  
**Recommended use of the chemical and restrictions on use**      Industrial hand cleaner

## 2. Hazard Identification

**GHS classification of the substance/mixture**      Not classified as Hazardous  
Not classified as a Dangerous Good  
**Signal Word (s)**      NONE  
**Hazard Statement (s)**      None  
**Precautionary statement – General**      P102 Keep out of reach of children.  
P104 Read Safety Data Sheet before use  
**Pictogram (s)**      None  
**Precautionary statement – Storage**      P404 Store in a closed container.  
**Precautionary statement – Disposal**      P501 Dispose of contents/container in accordance with local regulations.

## 3. Composition/information on ingredients

Ingredients	Name	CAS	Proportion
	Water	7732-18-5	30-60 %
	Petroleum hydrocarbon aliphatic	64742-96-7	10-30 %
	Limonene	138-86-3	10-30 %
	Poly Beads	1332-09-8	0-10 %
	Ingredients determined not to be hazardous		0-10 %

## 4. First-aid measures

**Inhalation**      Remove from exposure.  
**Ingestion**      Do NOT induce vomiting. Give a glass of water to be taken slowly.  
**Skin**      If unintended skin contact occurs, remove contaminated clothing and wash skin thoroughly. Wash clothing before re-use.  
**Eye contact**      If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.  
**First Aid Facilities**      Eye wash station and normal washroom facilities.  
**Advice to Doctor**      Product is an emulsion containing surfactants, d-limonene, polyethylene beads and water. Vomiting has not been induced because of risk of aspiration into the lungs. Risk of mechanical damage to eyes. Contact Poisons Information Centre.

## 5. Fire-fighting measures

**Suitable extinguishing media**      Use water or extinguishing media appropriate to surrounding fire.

Infosafe No™ VAR54                      Issue Date : January 2021                      ISSUED by HUNTERST

Product Name **CITRUS SCRUBB UP**

<b>Hazards from Combustion Products</b>	Water vapour, carbon dioxide, oxides of nitrogen. Incomplete combustion may generate carbon monoxide.
<b>Specific Methods</b>	In case of small fire/explosion use water. In case of major emergency use PPE: breathing apparatus and protective gloves.
<b>Specific hazards arising from the chemical</b>	Combustible liquid, flash point above 61C. At elevated temperatures, vapour/air mixture may be flammable or explosive.

## 6. Accidental release measures

<b>Spills &amp; Disposal</b>	Before dealing with spillage take necessary protective measures, inform others to keep at a safe distance and shut off all possible sources of ignition. Spillages will be very slippery. Contain large spills with an inert material such as sand, soil or vermiculite. Collect and seal in properly labelled containers for disposal. Small spills may be mopped up. If local regulations permit, wash down area with excess water and run to waste, diluting greatly with running water. Otherwise absorb on inert absorbent, transfer to container and arrange removal by disposals company. Wash site of spillage thoroughly with water. Ventilate area to dispel any residual vapours.
------------------------------	--

## 7. Handling and storage

<b>Conditions for safe storage, including any incompatibilities</b>	Store in cool place in original container, in a well ventilated area. Store away from oxidising agents and foodstuffs. Keep containers closed when not in use. Store out of reach of children. Prevent vapours from collecting in enclosed spaces. Clean up all spills promptly; avoid secondary accidents.
---	---

## 8. Exposure controls/personal protection

Occupational exposure limit values	Name	STEL		TWA		Footnote
		mg/m3	ppm	mg/m3	ppm	
	Petroleum hydrocarbon aliphatic				100	
<b>Appropriate engineering controls</b>	None for normal use. If handling industrial quantities, consider local mechanical exhaust/extraction to keep airborne contamination as low as possible.					
<b>Personal Protective Equipment</b>	Avoid contact with the eyes. Personal protection to be selected from those recommended below, as appropriate to mode of use, quantity handled and degree of hazard:- If handling industrial quantities: Safety glasses Gloves, rubber or plastic For normal use, no PPE is required. Always maintain a high level of personal hygiene when using cleaning chemicals. That is wash hands before eating, drinking, smoking or using the toilet.					

## 9. Physical and chemical properties

<b>Form</b>	Liquid
<b>Appearance</b>	Viscous, slightly gritty, white gel. Miscible with water in all proportions.
<b>Odour</b>	Scent of citrus
<b>Solubility in Water</b>	Miscible with water in all proportions.
<b>Specific Gravity</b>	1.0
<b>pH</b>	approx. 7.6
<b>Vapour Density (Air=1)</b>	No data
<b>Flash Point</b>	>61C

Infosafe No™ VAR54      Issue Date : January 2021      ISSUED by HUNTERST

Product Name **CITRUS SCRUBB UP**

**Flammability** Combustible liquid, flash point above 61C. In enclosed spaces, vapours may collect and build up to flammable levels, especially at elevated temperatures.

**Flammable Limits - Lower** 0.7% d-Limonene

**Flammable Limits - Upper** 6.1% d-Limonene

## 10. Stability and reactivity

**Chemical Stability** Stable under normal use conditons.

**Conditions to Avoid** Heat, flames, ignition sources and incompatibles.

**Incompatible Materials** Strong alkalis, acids, oxidizing agents

**Hazardous Decomposition Products** Emits smoke and fumes when heated to decomposition.

## 11. Toxicological Information

**Acute Toxicity - Oral** LD50 d-Limonene 4,400 mg/kg oral, rat

**Ingestion** Stomach irritant. May cause gastric upset, with nausea and vomiting. May cause lung damage when swallowed.

**Inhalation** High vapour levels may irritate the respiratory system. Aspiration into the lungs during swallowing or vomiting may lead to chemical pneumonitis. However, during normal use vapour levels will be very low.

**Skin** Prolonged skin contact with the concentrate, without rinsing off, will decrease the skin and may lead to irritation.

**Eye** Irritant. Risk of mechanical irritation, or abrasion, of corneal surface.

**Chronic Effects** Repeated skin contact with the concentrate, without being rinsed off, may lead to dermatitic effects.

## 12. Ecological information

**Ecotoxicity** No data

**Persistence and degradability** Major components are readily biodegradable.

**Mobility** Disperses easily in running water

**Environmental Protection** Avoid contaminating waterways, drains, sewers, or ground.

## 13. Disposal considerations

**Waste Disposal** Refer to appropriate authority in your State. Dispose of material through a licensed waste contractor. Normally suitable for disposal by approved waste disposal agent.

## 14. Transport information

**Transport Information** Not classified as a Dangerous Good according to the Australian Code for the Transport of Dangerous Goods by Road and Rail.

## 15. Regulatory information

**Poisons Schedule** Not Scheduled

**AICS (Australia)** All components listed.

## 16. Other Information

**Date of preparation or last revision of SDS** 28/01/2021

Infosafe No™ VAR54	Issue Date : January 2021	ISSUED by HUNTERST

**Literature References** Preparation of Safety Data Sheets for hazardous Chemicals Code of Practice  
Standard for the Uniform Scheduling of Medicines and Poisons  
Australian Code for the Transport of Dangerous Goods by Road & Rail  
Globally Harmonised System of classification and labelling of chemicals

**Signature of Preparer/Data Service** Technical Manager 0407 610 542

**Technical Contact Numbers** Emergency Advice All Hours:  
Technical Manager: 0407 610 542 Mon-Fri 8am - 6pm  
Poisons Information Centre: 13 11 26 - 24hrs  
Transport/Fire Emergency: 000 (Emergency services)

**Other Information** This SDS summarises at the date of issue our best knowledge of the health and safety hazard information of the product, and in particular how to safely handle and use the product in the Workplace. Please refer to the technical datasheet (Instructions for use), and the label on the drum. The company cannot anticipate or control the individual working conditions encountered and so each user should read this SDS carefully, and if in doubt ring the Contact Point Number given below.
